## GOLD MEDALS FLOCK TO GOOSE WATCH WINES

Goose Watch Winery, located on the Cayuga Lake Wine Trail, has started the 2013 competition year off strong with six gold medals and two "Best of" awards from three distinct wine competitions for a variety of its uncommon wines.

At January's San Francisco Chronicle, Goose Watch was awarded two gold medals for the 2011 Cabernet Franc Rosé and the 2011 Melody. In that same month Goose Watch brought home two more gold medals from the Winemakers Challenge in California for the 2011 Riesling-Gewürztraminer and the 2011 Traminette, which was also named the "Best Traminette." Most recently the Florida State International awarded gold medals to Goose Watch's sparkling Golden Spumante and the Classic Cream Sherry, also named the "Best Dessert Wine" of the show.

Goose Watch Winery is owned by the Peterson Family and specializes in producing exclusive and unique wines unlike the traditional selections found at most wineries. The winery also operates a tasting room in Lake Placid.
